SUMMARY

Recent Bachelor of Engineering (B.E) graduate in Computer Science and Engineering with a strong foundation in software and web development. Skilled in Python, Django, SQL, and frontend technologies HTML, CSS, and JavaScript. Passionate about building efficient, scalable applications and constantly learning new tools to improve as a developer.

OBJECTIVE

To obtain an entry-level Python Developer position where I can apply my Python programming skills along with my knowledge of HTML, CSS, and JavaScript to contribute to real-world software projects and grow in a dynamic tech environment.
